## VOELKSRaad IS CLOSED.

Vacant Seats of Generals Joubert and Decock Decorated.

## EULOGIZED BY PRESIDENT KRUGER.

The Head of the South African Republic Says the Finances Will Enable Them to Bear the War Expenses.

Pretoria, May 8.—The official closing of the 1899 volksraad, which broke up unofficially in September last, just took place. The vacant seats of General Joubert and General Decock and others were filled with flowers. The hall was crowded, a large number of ladies being present. In the prayer of the chaplain, an allusion to General Joubert moved many to tears. After the prayer the raad adjourned to the afternoon, when the session of 1900 was inaugurated. The ceremonies were accompanied by the customary salute. President Kruger arrived in the state carriage with the usual escort. All the diplomats and foreign attachés, including General Gourke, the Russian attaché, were present. The raadzaal was crowded to its fullest capacity, and the scene was most impressive.

President Kruger, in his speech opening the session, alluded feelingly to the vacancies. Referring to General Joubert, he said: "Future generations will be able to judge the work of the deceased, whose demeanor inspired the enemy with respect and whose humane and brave conduct gave fame and importance to the state among civilized nations."

He was profoundly struck, he said, by the proof of sincere friendship given by the people of the Free State, who had fulfilled their obligations to the Transvaal under the treaty. They realized that a united front was required as an attack upon the independence of the Transvaal meant a threat against the Free State. He had implicit confidence on the future of the Afrikaner nation.

By deeds, the Free State had shown, the president declared, a good example to the people of the Transvaal, which had proved of great moral value to those guiding the efforts of a small state to maintain its independence. He was pleased to say that the relations of the Transvaal with the foreign states, with the exception of Great Britain, were good.

After referring to the peace proposals of the presidents of both republics to Lord Salisbury, President Kruger said: "We have proved by legislation and our dealings with Great Britain last year that it was our desire to preserve peace, and now that war has broken out, we will do everything to restore peace."

After alluding to the deputation now on a mission to Europe and the United States, and the presence of so many attachés, proving the intense interest of the powers in the republics and to their methods of fighting, he said he was pleased to see that the sympathy of the world was on their side in the war, that ambulances had been sent, and that their friends were united in doing everything to alleviate the distress caused by the struggle.

After reference to the alleged violations of the Red Cross and to protests of foreign powers, President Kruger continued: "Notwithstanding the difficult circumstances, I am glad to say that our finances will enable us to bear the great expense of the war, and that the mines are flourishing."

The president concluded with a reference to the Free State Loan and suggested that the session be not prolonged, and that only matters of importance be dealt with. In a moving peroration he invoked the blessing and help of Almighty.

The proceedings terminated with unusually impressive speeches and prayers. Fifty out of a total of 60 legislators were present, several of them still suffering from wounds.

### Message From Roberts.

London, May 8.—The following from Lord Roberts has been received at the war office from Smaldeel: "The railway from Brandfort to this place has been considerably damaged, and the bridge over the Veti river has been hopelessly damaged. This delays supplies coming up. Every few yards charges of rackarock had been laid under the rails. This might have created loss of life, but was fortunately discovered by a West Australian infantryman. Winburg has been occupied by the Highland brigade."

In spite of wrecked railways the advance goes on steadily. Lord Roberts' outposts are apparently about 12 miles north of Smaldeel. General Broadwood has joined General Rundle at Thaba N'Chu, whence they are moving for-

ward. The country is all quiet in that direction. A reconnaissance made by General Rundle of the Boers' recent position at Thaba N'Chu resulted in their being pronounced impregnable, and their evacuation is reported to have been due to the receipt of an urgent measure from President Steyn. The Boers are said to be moving northward, but their destination is not known.

### Plot to Kill Roberts.

London, May 8.—The Standard hears that information has been officially received of a plot to assassinate Lord Roberts, that the latter has been warned, and that telegrams are now passing between the Cape authorities, Lord Roberts and the home authorities on the subject.

### REPORT ADOPTED.

Equal Lay and Ministerial Representation at General Conference.

Chicago, May 8.—At the session of the Methodist Episcopal quadrennial conference the report of the special committee, confirming the recent action of the general conference in granting equal lay and ministerial representation at all general conferences, but, except under special provision, excluding laymen from all annual conferences, was adopted after a hot debate. Bishop Warren presented the report of the committee, which was appointed four years ago to revise the organic law of the church.

Important changes were also made in the method of balloting on certain questions. The main provisions will be able to judge the work of the deceased, whose demeanor inspired the enemy with respect and whose humane and brave conduct gave fame and importance to the state among civilized nations."

(A).—On every question which proposes a change in the discipline in the discipline they shall vote separately.

(B).—They shall vote separately on any other question when requested by one-third of either order of delegates present and voting.

(C).—In all cases of separate voting it shall require the concurrence of the two orders to adopt the proposed measure, except that for changes of the constitution a vote of two-thirds of the general conference shall be sufficient.

Another important change adopted provides that traveling preachers shall be organized by the general conference into annual conferences, the sessions of which they are required to attend.

In opposition to the exclusion of the laymen from annual conferences, speeches were made by Dr. J. M. Buckley and Dr. A. B. Lee. A motion to reconsider was lost by a large majority.

It was formally decided that the beginning of elections be made the order of the day for May 14, and that they be taken up in the same order as at the previous conference—bishops first, editors second, and so on down to the minor officials. It was also resolved to adjourn sine die on Tuesday, May 29.

### Conference Called.

New York, May 8.—A conference of representatives of District Assembly 49, Knights of Labor; District Assembly 75 and 220 of Brooklyn, the Central Federated Union, and the Central Labor Union of Brooklyn was held in this city to devise means to secure legislation to restrict immigration and to amend the Chinese exclusion act so as to include Japan in its provisions.

Delegate William Allen of District Assembly 49 said that the object of the conference was to see what could be done to restrict the immense immigration that was pouring in. He then submitted a rough draft of a proposed bill.

### Shipwrecked Crew Located.

New Orleans, May 8.—The Morgan Liner El Paso, which arrived from New York, brought with it Second Mate Willoughby M. Moore, and 14 of the crew of the wrecked British steamer Virginia. This vessel, Captain Charles Samuel, from Dafquiri, Cuba, for Baltimore, with a cargo of iron ore and a crew of 26 men, stranded on Diamond Shoals about 6 p. m. of last Wednesday, some 12 miles off Cape Hatteras.

### Eight Hour Movement.

Washington, May 8.—In view of the recent 8-hour movement throughout the country the report made to the house of representatives by Chairman Gardner, the chairman on labor, on the Gardner 8-hour bill and the general subject of 8-hour legislation has a timely interest. The bill requires a clause in all government contracts that the labor under the contract shall not exceed eight hours daily.

### Will Fight at Chicago.

Chicago, May 8.—Tom Sharkey will undertake to defeat Joe Choynski at Tattersalls. The battle will be the most important the sailor has engaged in since Jeffries won the decision over him at Coney Island last fall.

## RIOTING AT ST. LOUIS.

Serious Trouble Results From Attempts to Run the Cars.

### ONE BOY IS SHOT BY A CONDUCTOR.

Crowds of Sympathizers Prevent the Transit Company From Running Cars—All Lines Are Practically Tied Up.

St. Louis, May 8.—Practically every streetcar line in St. Louis was tied up by a strike of 3,325 employees of the St. Louis Transit company.

In the riots that followed John Kohring, a boy, was shot and wounded, and a motorman and a lady passenger were badly injured by flying missiles.

The Suburban line, the only line in the city not a part of the extensive St. Louis Transit company's system, ran cars for several hours, but was finally compelled to shut down, as their men were pulled off the cars by strikers at DeHodiamont and in the downtown sections of the city. The St. Louis Transit company employees altogether 3,600 men, most of whom belong to the Amalgamated Association of Streetcar Employees.

All but 275 of the men, it is estimated, are out. The men who remained with the company took out a number of cars on the Park avenue division of the Lindell line, which runs past the Union station. This led to frequent riots at different points on the line, where strikers attempted and, in some cases, succeeded in stopping the cars.

One car on each of the lines converging on Washington avenue were run out. Four cars got out down town as far as Sixth street, but only one went around the loop. All were attacked by a mob of men and boys on Washington, at Fourth and Fifth streets, who threw sticks and stones. Several windows were broken, and the motormen and conductors were injured by flying missiles. A riot call was turned in at 8 a. m., and a wagon load of policemen turned out to restore order, but their efforts were in vain.

A motorman was badly injured by a brick, which struck him in the face. He left his car and ran into a saloon for protection. Almost at the same time a young woman, who was a passenger in the car, was struck on the head and badly injured by a sharp stone that crashed through the car window. Finally the motorman returned and amid a shower of stones and mud succeeded in getting his car away from the crowd.

John Kohring, a 16-year-old boy, who was in a crowd on Park avenue, was shot and seriously wounded by Conductor George McClellan, in charge of a car on the Park avenue division. The boy was removed to the City hospital, and McClellan was arrested.

At several points along the Park avenue division crowds assembled early. At first they contented themselves with jeering the nonunion conductors and motormen, but about 8 a. m. they began to throw mud and stones, and pull the loyal employees from the cars. Police were called to Eighteenth street and Park avenue and Broadway and Washington avenue, the latter in the down-town retail district, to disperse the crowds gathered there.

At Park and Jefferson avenues, where two lines cross, a crowd of strikers gathered at 7:30 a. m. and attempted to stop three cars on the Park avenue division by putting heavy stones on the track. A squad of police arrested Charles Doyle, but the mob attacked the officers and released him. Doyle was finally recaptured and taken to the Park avenue police station followed by a great crowd.

Ten cars on the same division were blocked at Park avenue and Nebraska street by a crowd of 200 strikers and sympathizers, who pulled down the trolleys and cut the ropes. Several hundred strikers at Mississippi and Park avenues attacked passing cars with sticks and stones. The cars were loaded with men and women, and although several windows were broken, nobody was seriously hurt.

As far as can be learned, 3,300 of the 3,600 men employed by the St. Louis Transit company are out.

The strike is reported to have seriously interfered with the collection and delivery of the mails. Six United States postal cars were tied up. Each makes seven trips daily, and covers a total of 100 miles. They bring the mails from all sections of the city. Forty substations receive the delivery.

Postmaster Baumhoff said: "I see no need of acting hastily in the premises, but the mails will be delivered on time or some one will hear from us."

The salient features of the men's demands, which the Transit company re-

fused to grant, are briefly as follows:

That all conductors, motormen, gripmen and all men employed in the sheds shall be compelled to be members of the union; that the officers of the union, together with officers of the company, will all have power to adjust all differences that may arise, and that in the event of their failing to agree shall, if mutually agreed to, place the case before three arbitrators. That any member suspended by the union shall be suspended by the company, without pay, until such time as the union requests his reinstatement.

"That any man elected to an office in the union requiring his absence, for not more than a year, shall, upon his retirement from his office, have his old place with the company."

### AN ORDER ISSUED

Formally Discontinuing Strike of Telegraphers on Southern.

Atlanta, May 8.—President W. V. Powell of the Order of Railway Telegraphers has issued an order formally discontinuing the strike of the Southern railway telegraphers, declared April 12, 1900. In his statement President Powell announces the decision of the officers of the order regarding the strike. He states that the telegraphers can apply to the Southern for employment without being considered by the order as scabs, but advises them not to do so. He says: "It is to be regretted that some of the purposes for which the strike was inaugurated are not entirely successful. Had all of the membership of the organization, and those who agreed to support it in this struggle remained loyal to the cause, it would have been possible to give you the notice of a complete victory."

President Powell asserts that while the strike controversy is ended, the boycott feature on the Southern will be continued by the order.

### GENERAL MACARTHUR

Reports the Capture of an Insurgent Officer by Funston.

Washington, May 8.—The war department has received the following cablegram from General MacArthur at Manila, "General Pantaleon, prominent insurgent officer, northern provinces, was captured Monday with some valuable documents, by Funston's troops. Regard capture important."

### Want Creed Revised.

Washington, May 7.—By a decisive vote of 25 to 15, the Presbytery of Washington city, at a special meeting, decided to send to the approaching general assembly of the Presbyterian church, to be held in St. Louis on the 17th instant, an overture offered by Rev. Dennis S. Hamlin requesting that body to take steps to prepare a brief evangelical creed, to be submitted to the church for adoption as a part of its constitution. The Presbytery asks that the assembly take the necessary preliminary steps to secure at an early day as possible "the preparation of a brief, evangelical, Calvinistic creed," in place of the Westminster symbols.

### Dewey Program Changed.

Memphis, May 8.—If Admiral Dewey entertained any doubts about his popularity in the south they were certainly dispelled after his ride through the vast multitudes lined up on the streets of Memphis. Perhaps never before has the city witnessed such an outpouring of people. At the request of Admiral Dewey the program was materially changed. Eight receptions had been arranged for and he feared his physical resources would not stand it. After weighing the question well, he requested the committee, through Chairman Williams, to eliminate the receptions to occur during the afternoon. His wishes were respected.

### West Virginia Republicans.

Fairmount, W. Va., May 8.—The Republican state delegate convention here was remarkable for its large attendance. The convention assembled at noon, and the addresses of welcome in behalf of Fairmount was delivered by ex-Commissioner of Internal Revenue John W. Mason. Governor Atkinson was announced as temporary chairman. A feature was a contesting delegation from Fayette county, lead by Dr. Hoptonstall, the Republican legislator, who held out against the re-election of Senator Scott a year ago.

### Money Order Clerk Arrested.

Chicago, May 8.—Joseph Brychta, a money order clerk of the Pullman postoffice, was arrested in Covington, Ky., by government officials. One hundred blank money orders are reported missing, and it is charged that these were cashed by Brychta. The amount he is alleged to have secured in this manner is estimated at \$9,000.

### Murderer Hanged.

New York, May 8.—Edward Clifford was hanged in the Hudson county (N. Y.) jail for the murder of Division Superintendent W. G. Watson of the West Shore railway in 1895.

## DAWES FOR CHAIRMAN

Anti-Tanner Forces Score a Victory on the First Test Vote.

### ILLINOIS REPUBLICANS IN SESSION.

The Followers of Senator Cullom Seem to Have a Sufficient Number of Delegates to Control the Convention.

Peoria, Ills., May 8.—The Republican state convention was called to order at 11:05 a. m. by Chairman Rannels of the Republican state central committee. After prayer by the Rev. John Faville Chairman Rannels announced that in accordance with the long established custom the Republican state central committee had directed him to name the Hon. J. M. Brown of Vandalia as temporary chairman, and he called for other nominations.

Brown was understood to be the choice of the faction headed by Governor Tanner, and favoring the nomination for governor of Judge Hancey of Chicago.

S. H. Bethea, on behalf of the Cullom faction, nominated Charles G. Dawes. He demanded a rollcall by counties, and Chairman Rannels directed the secretary to call the roll.

The result of the vote for temporary chairman was a victory for the anti-Tanner faction, Dawes getting 793 votes and Brown 720.

G. W. Peters was elected temporary secretary and David S. Hannan as stenographer.

Prolonged cheers greeted the result. Chairman Dawes was introduced and addressed the convention. He discussed trusts, declaring the question a political one. The only difficulty between parties on this subject would be as to the motive of the remedy. Laws should be passed to protect the public against extortion and unjust discrimination. The election of Dawes is regarded as signifying the probable nomination of Reeves for governor.

**Populists at Sioux Falls.**  
Sioux Falls, S. D., May 8.—The Nebraska delegation to the Populist convention have arrived. It was the first complete state delegation to reach the convention city. They came on a special train, having left Omaha after attending the Cooper dinner, and they came with banners flying and shouting for Bryan. Other delegations are expected soon. The skies have cleared, and the prospect is now for ideal weather for the convention. The big tent withstood the storm for the past few days, and is reported to have perfectly protected the space under it. Populist leaders here profess not to be concerned over the possible nomination of Mr. Donnelly at Cincinnati, claiming that whoever the nominee may be will not receive a vote that will be appreciable in size.

**Middle-of-the-Roaders.**  
Cincinnati, May 8.—Delegates to the national convention of the national Middle-of-the-Road Populists, which will be held in this city on Wednesday, began to wear a business air. Wharton Barker of Pennsylvania and Ignatius Donnelly of Minnesota are both on the ground, making their headquarters at the Dennison hotel. The Texas delegation of over 50 men arrived, and this gives rise to predictions on the part of J. A. Parker, secretary of the national committee, that no less than 600 delegates will be in their seats when Chairman Deaver calls for order. Little was heard regarding the plan on the part of some of the Minnesota delegates to promote Mr. Donnelly for the president's nominee. That such a plan has been made was not denied.

**May Work a Hardship.**  
Paris, May 8.—Should the French officials hold to the strict letter of the decision to permit no installation of exhibits after next Saturday, the effect on the laborers of many countries and private exhibitors will be disastrous, although the date is a month after the formal opening. The installation is as yet far from complete, and many cars filled with exhibits, some of them American, are still without the grounds. America will suffer less than other countries, but the action of the French officials will still be a hardship.

**Two Bodies Found.**  
Geneseo, N. Y., May 8.—The American hotel here was destroyed by fire. After the fire was under control the bodies of Lafayette Carney and Sherman Debory of West Sparta were found on the third floor. It is thought a woman also lost her life, but her identity is unknown, and the body has not yet been found.

Captain Watson and 60 men of the Chinese battalion were attacked by 3,000 Chinese at Wei Hai Wei, China. The latter were repulsed.

### WEEKLY CROP BULLETIN.

Damage by Last Week's Frost Not Very Great—Outlook For Wheat, Corn and Tobacco.

Dry, cold weather prevailed until the last of the week when the temperature rose, the week closing with warmer, showery weather. On the morning of the 4th frosts were quite general over the State, except in the extreme western portion; in the central and eastern portions some tender vegetables were injured, but the damage was not important. No damage of any importance occurred to the fruit crop from the frosts. It was too cold and dry for crops to make much progress, but they are still in good condition and the showers and warmer weather at the close of the week will put everything ahead rapidly. Excellent progress was made in farm work during the week and is now well up.

Wheat is still in fine condition. Corn is coming up slowly, and has not advanced much except in the west portion. Tobacco plants have not done well, and in some localities have been attracted by insects. Potato bugs are numerous. Oats are looking poorly and will make only a light crop in many localities. Gardens were at a standstill during the week. Grass and clover made very little progress in the central and eastern portions, but did better in the western. The fruit crop bids fair for a good yield. Strawberries are expected to be ready for market by the 12th to 15th.

Louisville, May 8th.

MRS. ELEANOR DUNCAN WOOD, wife of County Clerk Clarence L. Wood, is the author of a very quaintly written short story in the May number of The People's Monthly, a magazine published at Philadelphia. It is a tale of "Ye Olden Times," when Virginia was young, and weaves a romance about that incident in its early history when the planters secured wives by paying for their passage from England. Old Mason has cause to be proud of this talented daughter. Mrs. Wood has been a contributor to various magazines for several years, and the story referred to above was written at the request of the publisher of The People's Monthly, who was acquainted with her work as a writer. It is to be hoped the public will be favored with other articles from this gifted woman. The People's Monthly has for its motto, "Originality and Novelty," and numbers among its contributors some of this country's most noted writers, among them Edward Everett Hale, Thomas Wentworth Higginson, General Charles King, Louise Chandler Moulton, Harriet Prescott Spofford and Ella Wheeler Wilcox.
